# **FEDERAL PRISON CAMP**

## **PEKIN, ILLINOIS**

### **PREFACE**

This handbook has been developed to assist and acquaint you with the daily routine at the Federal Prison Camp (FPC), Pekin, Illinois. Your understanding of the following information is essential to your successful adjustment to this facility. The information in this handbook is subject to change and does not override newly issued Bureau of Prisons Program Statements, Institution Supplements, and Operations Memoranda.

The mission of the Federal Bureau of Prisons is to provide a safe, secure, and a sanitary environment for individuals who are sentenced by the courts to the care and custody of the Attorney General. The staff at Pekin strives to accomplish this mission by ensuring that inmates are housed in a facility which best meets their security needs while providing them with a variety of correctional programs that balance punishment, deterrence and rehabilitation. Your self-initiative, behavior and responsibility will have a direct bearing on your confinement. The staff at this facility is dedicated in making every effort to provide you with a safe and secure living environment; therefore, you are expected to abide by the rules and regulations of this facility and to maintain a positive attitude.

The information in this booklet will serve as a valuable resource both initially and for future reference. Your cooperation with staff and other inmates will contribute to a positive, orderly environment.

### **INTRODUCTION**

The information contained in this booklet is designed to ensure a better understanding of the facts concerning this institution's operation. The Admission and Orientation (A&O) Program is designed to assist you with expectations that will possibly confront you as a newly admitted inmate. All newly arriving inmates received, must attend the institution A&O Program. This segment is ordinarily completed within four weeks of arrival. Information will be made available which will provide you with specific department policies, procedures, rules and regulations currently in effect.

Upon arrival, you will be processed through the Receiving and Discharge (R&D) area by Correctional Systems staff, a Unit Team member and medical staff. A social interview, as well as, a medical screening will be completed at intake screening. You will also be issued an inmate Identification Card, Personal Access Code (PAC) and Personal Identification number (PIN) which can be used to access the Inmate Telephone System (TRUFONE) and the Trust Fund Limited Network Computer System (TRULINCS).

At the conclusion of intake screening, you will be assigned to a housing unit. When you have completed all aspects of the A&O Program, you will be assigned to a work detail. This process ordinarily takes 30 days after arrival to the facility.

Lastly, if an inmate is out of the institution for court appearance or any other temporary release for more than 90 days, you will be required to re-complete the Institution A&O Program, after which, you will normally be reassigned to your former work detail. Assignment to a former unit is contingent upon available bed space.

## UNIT MANAGEMENT

The Federal Prison Camp (FPC) is organized into two (2) housing units consisting of a multi-discipline group of staff who will make decisions concerning work, programs, discipline and supervision. If you are a new commitment, transfer or violator, you will be assigned to a housing unit and will have a formal meeting with your Unit Team ordinarily within 28 days of arrival.

The FPC is comprised of two housing units referenced by Kansas and Nebraska

All inmate rooms will contain the following items:

- 1 wall locker per inmate
- 1 chair per inmate (remain in room when not in use)
- 1 mattress per inmate
- 1 desk
- 1 trash can (no plastic liners allowed)
- 1 bulletin board per inmate

Gray boxes are issued for current case legal materials maintained by the Counselor. All other items must be stored in the assigned locker. The bulletin boards will not display magazine cut-outs, nude or sexually suggestive photographs. Items assigned to the rooms will not be moved or altered. A combination lock is available for purchase in the Commissary for your individual locker. All room occupants will be **mutually** responsible for room sanitation, equipment and held accountable for contraband item(s).

### Unit Staff

Each housing unit has a “Unit Team” which is made up of the following:

- Unit Manager: Is responsible for the overall operation and supervision of the housing unit. The Unit Manager will ordinarily attend inmate program reviews and validate all team decisions.
- Case Manager: Is responsible for providing technical expertise on matters pertaining to unit management functions such as: parole commission, classifications, releases, transfer referrals, progress reports, etc.

Correctional Counselor:	Is primarily concerned with day-to-day activities. When you need assistance on personal matters, visiting, telephone, room assignments, work assignments, administrative remedies and various forms such as Social Security cards and Birth Certificate applications, you should contact your assigned counselor. The Correctional Counselor is actively involved in unit sanitation and coordinates sanitation efforts with the Unit Officer.
Unit Secretary:	Provides clerical support and performs various administrative duties for unit staff.
Correctional Officer:	Is primarily responsible for the supervision of inmates within the housing unit to include: safety, security, sanitation, and contraband control. The Correctional Officer is considered an active member of the Unit Team and provides valuable insight to the Unit Team pertaining to the inmate's sanitation, conduct, behavior and demeanor.
Educational Representative:	Is responsible for all matters pertaining to your educational or vocational needs. The Education Representative provides program recommendations and progress reports to the Unit Team during inmate program reviews.
Psychologist:	Is qualified to determine if emotional/psychological problems may be affecting your individual adjustment. The Psychologist monitors your participation in treatment programs and provides input to the Unit Team.
Case Management Coordinator:	The Case Management Coordinator (CMC) is a technical advisor for unit management functions, provides technical training and oversees key program areas such as the Institution Financial Responsibility Program and Central Inmate Monitoring.
Notary Public:	Under the provisions of 18 USC 4004, Case Managers are authorized to affirm documents. A recent change in the law allows a statement to the effect that papers which an inmate signs are “ <b>true and correct under penalty of perjury</b> ” will suffice in federal courts and other federal agencies, unless specifically directed to do otherwise. Some states will not accept a government affirmation for real estate transactions, automobile sales, etc. In these cases, it will be necessary to contact unit staff for arrangements with the institution's Notary Public. Contact your Unit Team regarding notary service, if needed.
Unit Team:	We are organized into a unit management system. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for those inmates living in that unit. The Case Manager and Counselor offices are located in the units. This allows for more inmate accessibility.

The Camp Unit Manager is located in the Administration Building and the secretaries are located in the housing units.

Unit Staff includes the Unit Manager, Case Manager, Correctional Counselor and Unit Secretary. When available, the Staff Psychologist, Education Advisor and Unit Officer will sit on a Unit Team. You will be classified by your Unit Team ordinarily within 28 days of arrival.

Generally, the resolution of issues of interest while at the institution is most appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas including institution program planning, release planning, personal and family problems, counseling and assistance in setting and attaining goals while incarcerated. During the work week, Monday through Friday, unit staff members are ordinarily available between 6:00 a.m. to 7:00 p.m. and on the weekend and holidays from 6:00 a.m. – 4:00 p.m. Unit staff schedules are posted on the unit bulletin board. It is your responsibility to read the unit bulletin daily.

### Foreign National Inmates

Foreign National Inmates who wish to contact their Diplomatic Embassy of their country of citizenship will provide a request in writing to the Unit Manager.

### Communication

The unit bulletin board contains written communication of interest to all inmates. Information is also provided to inmates on the TruLincs Bulletin Board. The Unit Manager may also utilize Town Hall Meetings to foster improved communications and/or to address individual issues or concerns. The use of the open door policy, chain of command, and Request to Staff Member (Cop-Out) are preferred in the resolution of issues. You are always encouraged to address your concerns directly to the department subject matter expert. Cop-Outs will be done by electronic email to that department.

### Inmate Financial Responsibility Program

The Bureau of Prisons encourages each sentenced inmate to meet their legitimate financial obligations. As part of the initial classification process, staff will assist the inmate in developing a financial plan for meeting those obligations. At subsequent reviews, staff shall consider the inmate's efforts to fulfill those obligations based upon the level of financial resources.

Inmates are advised of the effects of non-participation, which ordinarily will adversely impact room assignments, work assignments, performance pay, commissary privileges, release gratuities and community programs. Inmates placed in FRP "Refuse" status will not be permitted to spend more than \$25.00 per month, excluding stamps and transferring funds to phone accounts.

## Housing Unit Operations and Procedures

It is your responsibility to read the unit rules and regulations, as they pertain to unit operations and sanitation standards. These rules are posted under the glass bulletin board and outlined below.

### **UNIT RULES & REGULATIONS**

Unit rules and regulations are intended to ensure the orderly running of the housing unit and are only minimal guidelines. Notification of any revision of the rules and regulations will be issued during scheduled Town Hall Meetings and postings on the unit bulletin boards. At no time will sweatshirts, t-shirts, or shorts be worn in any other areas other than recreation or the housing unit. Sweatshirts may be worn under the institution shirt. Gray t-shirts are not to be worn as an outer garment. Doo-rags are permitted inside the housing unit only. Work boots will be worn on all work details. At no time are undergarments to be worn outside of assigned cells. Inmates are to be properly dressed while in the housing units. All clothing is to be cleaned and washed on a regular basis and maintained in an acceptable manner.

### Earphones/MP3 Players/Radios

Radios and MP3 players will only be utilized with earphones. Altered earphones or radios are considered contraband and will be confiscated. Inmates can only wear headphones in their

housing unit and recreation department. **Inmates are not allowed to wear headphones during mainline, while working, in program areas, or while walking across the compound.**

### Emergency Exit

You must familiarize yourself with the emergency exit signs throughout your unit. Under no circumstances will hallways, doorways, exits, or entrances be blocked. In case of a fire or other disaster, it is most important that staff is able to take protective measures for you. Should you be instructed to vacate the housing unit, you are to exit as safely and quickly as possible through the unit entrance or emergency exit doors. Unless otherwise notified, inmates will assemble in the compound middle area.

Fire drills will be conducted on a quarterly basis at a minimum. Inmates are expected to exit the housing unit in a prompt, safe, and efficient manner. Appropriate disciplinary actions will be taken for those refusing to comply with the instructions of staff members.

### Ice Machine

The ice machine is a sealed unit. The areas immediately adjacent to the machine must be kept clean at all times. Water drainage lines must remain unclogged, and it will not be used to dispose of food items.

### Intra-Unit Visiting

You are permitted to visit other inmates within your assigned housing unit. **Inmates are strictly prohibited from entering other housing units to visit other inmates.** An inmate is not allowed in another inmate's room without their presence. All intra-unit visiting will terminate at 9:00 p.m.

### Lights

Dayroom lights and range ceiling lights in the unit will ordinarily be turned on at 5:30 a.m. and turned off at 10:00 p.m. nightly. TV room lights will remain on when occupied.

### Noise Levels

Excessive noise levels, such as yelling and banging, will not be permitted at any time. Disruptive conduct and behavior will result in termination of activities.

### Office Complex & Open House

Unit staff will be available to address your concerns. Unit staff will also be available during meals in the dining room.

### Unit Quiet Time

Unit Quiet Time is defined as the period between 9:30 p.m. and 5:30 a.m. Inmates are expected to have consideration for those individuals trying to sleep.

### Robes

Robes are permitted to be worn to and from the shower. You must be fully clothed at all other times.

### Room Assignments

Room assignments are ordinarily coordinated by the assigned Counselor. Room assignments will be based on seniority, disciplinary actions, sanitation, programming and IFRP responsibility.

### Showers

The middle shower stall or the shower stalls marked “**DAY USE ONLY**” are the only showers to be used during the normal workweek, Monday through Friday, 7:30 a.m. to 3:30 p.m. This is necessary in order to allow the unit orderlies the opportunity to maintain a high degree of sanitation in the shower areas. Each individual also has the responsibility to assist in maintaining this area and to leave the area neat and clean after use.

Showers will terminate at least fifteen minutes prior to an official count and will terminate at 9:15 p.m., nightly. Individuals are expected to cooperate with the unit orderlies so as not to interfere with the general unit sanitation efforts.

Exceptions may be made by the Unit Manager for late night workers. In that event, the showers nearest the exterior walls will be used.

### Telephones

All telephone calls will terminate fifteen minutes prior to an official count. In addition to the telephone schedule below, one telephone will be available at all times from 6:00 a.m. until 9:15 p.m.

#### Weekdays:

6:00 a.m. – 7:30 a.m.  
10:30 a.m. – 12:30 p.m.  
4:30 p.m. – 9:15 p.m.

#### Weekends and Federal Holidays:

6:00 a.m. – 9:15 p.m.

Additional regulations concerning use of the telephones are as follows:

1. Inmates not making phone calls will not be permitted to congregate near the telephone area.

2. No third party telephone calls will be permitted.
3. Inmates will be responsible for their use of the telephone. They are expected to conduct themselves in a responsible manner and respect other inmates. Each inmate is responsible for the content of the telephone calls they make.
4. The use of the telephone will not interfere with institution schedules, programs, work assignments, or counts. When a census count or scheduled count is conducted, all inmates on the telephones shall terminate their calls immediately. During institutional emergencies, use of the inmate telephone may be curtailed or terminated.
5. International collect calls are not permitted.
6. Only whole dollar amounts may be purchased when buying phone credits.
7. The maximum length of a telephone call will not exceed 15 minutes.
8. The Inmate Telephone System is a dual system which has both debit and collect calling capabilities. Debit and collect calls can be placed during the hours telephones are turned on.

### Inmate Telephone Calls to Attorneys

Confidential inmate-attorney calls should be allowed only when an inmate demonstrates that communication with their attorney by other means is not adequate: for example, when the inmate or attorney can demonstrate an imminent court deadline. Staff must consider whether or not an inmate has attempted to utilize other approved attempts at communication such as special mail provisions (legal mail), TRULINCS, or private inmate-attorney visits. **Inmates are responsible for the expense of unmonitored attorney telephone calls.** When possible, it is preferred that inmates place unmonitored legal calls collect. A request for an attorney call will be made with your assigned Counselor.

### Television Hours

Unit televisions may be turned on at 5:30 a.m. daily. Televisions may remain on until 10:00 p.m. during the work week and 12:00 am on the weekends and all federal holidays, provided acceptable noise levels are maintained. Disruptive conduct, poor sanitation, and excessive noise in the common area may result in restricted viewing privileges. There will be no television viewing in the common areas during the unit cleaning times of 7:30 a.m. to 9:30 a.m. Chairs will not be leaned against the walls. You shall not place your feet or shoes against the walls. Under no circumstances will TVs be rotated from their original direction without the expressed approval of unit staff.

### Visits

Visits are extremely important to inmates and visitors. It is your responsibility to ensure that all necessary application forms are forwarded to each visitor, to include immediate family members. All incoming inmates transferring from another facility will not be given a grace period to have application forms on file for immediate family members. Children under the age of sixteen years of age are exempt from this rule. If you are expecting a visit, ensure the unit officer knows your location. It is your responsibility to notify prospective visitors of their approval or denial.

## Video Visits

Video visits are a way to continue, build, and strengthen relationships with family and friends. It is your responsibility to ensure that you conduct yourself appropriately throughout the entire video visit. You are also responsible for the conduct of the other person on your video visit. You are not allowed to have other inmates with you or behind you on your video visit. Other inmates are not allowed to communicate with your visitor on your video visit. You will be held accountable for any inappropriate conduct.

## Fire Suppression Water Sprinkling System

Tampering with the water sprinkler system, smoke alarms, or hanging any item from the system is prohibited and will result in the issuance of an incident report.

## Work Assignments

You will be assigned to a work assignment upon completion of the A&O process and medical clearance. Your initial work assignment will be based upon the needs of the institution. Thereafter, you may request a job change during your scheduled program review. The Unit Team may consider your current work performance, programming, job availability, conduct, behavior, and current institutional needs as determining factors in granting a job change. Requests for change in work detail assignments will be considered during regularly scheduled inmate program reviews.

# **UNIT SANITATION PROCEDURES AND STANDARDS**

**Sanitation supplies are available daily. Storage of sanitation materials in all inmate rooms is strictly prohibited.**

During the periods of 7:30 a.m. to 10:30 a.m. and 12:00 p.m. to 1:30 p.m., all sanitation equipment (mops, mop buckets, etc.) will be reserved for the unit orderlies. The preferred time to address room sanitation is in the evening hours. The exception to this rule will be based on availability of equipment and with the approval of unit staff and those individuals who are correcting room deficiencies.

## Individual Rooms

These instructions are meant as a guide to help individuals maintain their living areas. Rooms should meet these requirements in order to pass sanitation inspections. Failure to achieve acceptable sanitation standards will result in disciplinary actions.

You must maintain your assigned room in order to present an overall appearance that is clean, neat, and orderly. All rooms will remain uniform in appearance. There will be no changes in the physical structure or design. At the discretion of the Unit Team, inmates failing room inspections will be returned for immediate corrective actions. Repeated failure will result in disciplinary actions. Linens are not to be used as floor mats, locker tops, curtains, etc.

You will be held accountable for any and all damages found to have occurred within your assigned room: for example, replacement or maintenance required to correct or repair damage to the walls, ceilings, doors, windows, lockers, lights, vents, and plumbing fixtures. You will be written an incident report for Damage to Government Property and may be sanctioned to restitution for replacement costs.

### Bedding

All bedding will be exchanged frequently to maintain good sanitation and hygiene. Blankets and sheets are to be exchanged at the institution laundry.

### Bed Making

Beds will be tightly made, wrinkle free, and neat with the blanket made on top. During the normal work week, Monday through Friday, **all beds will be made and inspection ready by 7:30 a.m.** Individuals assigned a medical lay-in are excluded from this rule. Individuals on a day or off shift may lie on top of a made bed as long as the room is inspection ready. On weekends and holidays, beds will be made prior to leaving the room.

During the normal work week, items (clothing, recreation equipment, books, writing materials, etc.) are not to be placed on top of the bed when not in use. These items are to be stored in the locker. Shoes that are not stored in the locker will be placed underneath the bed, starting at the head of the bed and continuing in a straight line.

### Bedframes

All bedframes will be dusted and cleaned on a daily basis.

Laundry bags will be tied to the foot of the bed or on the authorized wall hooks. Special precautions will be taken so as not to block or impair the vision of the officer during counts.

### Commissary

Commissary items are only authorized to be stored neatly in your assigned locker. Under no circumstances are Commissary items to be stored on the floor or under the bed. Items not contained in their original container are considered contraband and will be confiscated. Original containers are to be disposed of when empty and will not be used for other purposes.

### Common Area Tables

Users of this area are expected to clean up after themselves. Trash and recyclable items will be disposed of in the proper receptacles. Tables and the floor will be cleaned. Tables will not be moved without the expressed approval of the Unit Manager.

### Doors/Windows

Entrance into the room and window sills will remain free from obstruction.

### Fire Safety

At no time will any item such as wood, paper, plastic, or cardboard boxes be brought into the unit for inmate use. Second use containers are to be disposed of when empty and will not be used for other purposes.

At no time will any changes be made to the physical structure or fixtures that may cause harm or injury to the inmate or others. This includes the placement of nails, screws, unauthorized hooks, and illegal radio antenna wires. No items will be attached to the window, window frame, or window security bars.

Winter coats will be hung on the wall hooks. Clothing will not be hung on the bed post blocking or impairing the vision of the officer during counts.

Air vents shall not be blocked or the air flow deflected in any manner.

## **FACILITIES**

If you need medical attention, you must report to the Health Services Unit at 7:00 a.m. to sign up for sick call. Sick call is held on Mondays, Tuesdays, Thursdays, and Fridays. There is no sick call on Wednesdays, weekends, or during federal holidays. Any inmate reporting to sick call after the sick call move is closed will not be seen. Your medical and dental needs will be evaluated, and an appointment time to return for further evaluation will be given, if necessary. Dental sick call will be on Fridays at 7:30 a.m. All other visits to the Health Services Unit, except emergencies, will be by appointment only. **BE PROMPT. Inmates must be in proper uniform and present their identification card upon request.** For further information, refer to the Institution Supplement entitled “Medical and Dental Care of Inmates.”

### [Emergency Care](#)

Medical care is available 24-hours daily. Should you become ill or injured after sick call, notify your supervisor or another staff member. The medical staff will then arrange for you to be seen in the Health Services Unit. **No inmate will go to the Health Services Unit without a staff member clearing the visit with the medical staff first.**

### [Medication Line](#)

Certain medications are dispensed one dose at a time. If you are prescribed such a medication, you will be instructed to report to the Health Services Unit at the appropriate times to receive your medication. Refer to the Pill Line Schedule posted by the pharmacy.

## **Weekdays:**

AM Insulin/Pill Line                    6:00 a.m. – 6:15 a.m.

Afternoon Pill Line                    2:45 p.m. – 3:00 p.m.

You **must** show your photo ID and state your name and register number to receive medications.

## Eyeglasses

Eyeglass prescriptions determined as a non-professional (reading only) will not be provided by Health Services. Inmates may purchase this item through Commissary.

Any inmate in need of eyeglasses must submit an “Inmate Request to Staff Member” (Cop-Out) to the Health Services Unit requesting an eye examination. Routine eye exams will be provided to the inmate every two years. If at any time before the two years the inmate experiences a condition that the inmate feels requires the attention of the optometrist, the inmate will report to sick call for evaluation. Upon sick call evaluation, if it is determined the inmate needs to be seen prior to the two-year period, an appointment will be made with the optometrist based upon the priority level. After an eye examination has been performed by the optometrist, the institution will provide a pair of standard issue eyeglasses obtained from the Federal Prison Industries, FCI Butner, NC.

NOTE: Inmates that are provided BOP glasses will be responsible for that pair of glasses. Health Services will not replace lost, broken, stolen, or mistreated eyeglasses until the next routine eye exam which is every two years.

## Contact Lenses

The use of contact lenses in this institution will not be authorized unless they are prescribed by an optometrist, in consultation with the Clinical Director/Health Services Administrator, to address a specific ocular condition. With approved use of contact lenses, the proper solution will be provided through Pharmacy Services.

## Physical Examination

Initial exam – An initial complete physical examination (medical and dental) to determine needs will be performed on all new commits within 14 days of admission. If you have already received a physical exam prior to your transfer to Pekin, another exam will not be required. Periodic health examinations are age specific and will be provided based upon age and identified risk factors. If you have a health problem which you think may be more than routine, you should report to Sick Call for an appointment. An inmate being released from custody may request a medical evaluation if they have not had one within one year prior to the expected date of release. Such examination should be conducted within two months prior to release.

Female Health Care:  
IMMUNIZATIONS/VACCINATIONS

The Bureau of Prisons follows the recommendations of the Infectious Disease Technical Reference Manual and the Centers for Disease Control (CDC) for immunization schedules and doses. Various vaccinations against diseases are available to inmates such as: tetanus, Hepatitis B, influenza, and pneumococcal pneumonia. Vaccines and other immunizations may be given to inmates determined necessary by Health Services Staff. All inmates are tested on admission for tuberculosis and yearly thereafter. Health Services staff shall maintain immunization records and may provide inmates with records of immunizations upon request.

Infectious Diseases and HIV (AIDS) Testing

HIV testing is ordered for all inmates during the intake process, as well as available to all inmates who request a test to be done. Inmates may request HIV testing by submitting an electronic cop out/correspondence to Health Services or by signing up for sick call. MMR immunization (Measles Mumps and Rubella) is offered to all inmates on intake, as well as available to inmates upon request. Inmates may also request this immunization by submitting an electronic cop out/correspondence to Health Services or by signing up for sick call.

HIV and Hepatitis B Post Exposure Management

FCI Pekin maintains an Exposure Control Plan which addresses specific administrative, personnel, and medical procedures which will be implemented in the case of an exposure to a blood borne virus by such means as sexual transmission, needle stick, splash into mouth or eyes, and illicit tattooing.

Tattooing in the Correctional Environment

Tattooing in the correctional environment is explicitly prohibited and may result in disciplinary action. Tattooing can result in exposure to blood borne pathogens and viruses such as HIV, Hepatitis B and Hepatitis C. In this environment there is absolutely no procedures which the inmate has available to sterilize and eliminate the possibility of being exposed to the above viruses with the tattooing process. In commercial parlors in the community, they utilize autoclaving machines to ensure that any and all viruses are eliminated by pressure and steam application. Please also be aware that this may expose the person to very bad skin infections as well.

Methicillin Resistant Staphylococcus Aureus (MRSA)

MRSA can be a very serious illness because it lives on the skin and survives on surfaces. It is a drug resistant staph infection and can be spread in the prisons by sharing towels and

headphones, tattooing, poor personal hygiene, and attending sweat lodges. MRSA can be a very serious illness. Some of the symptoms of MRSA include a “spider bite” appearance, draining wounds, redness, and swelling. If you experience any skin infections, please refer to medical sick call for evaluation and/or treatment. This evaluation for a potential skin infection will not result in a co-pay charge since Health Services wants to be made aware of the situation to minimize any complications to the affected person and possible spreading of disease.

### Coronavirus disease 2019 (COVID-19)

Coronavirus disease 2019 (COVID-19) is an infectious disease caused by the novel coronavirus, SARS-CoV-2, that appeared in late 2019. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have reported a wide range of symptoms, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills, cough, shortness of breath, fatigue, muscle and body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea.

If you are experiencing any of these symptoms, please report to medical sick call at the time noted in the Handbook for an evaluation. You will not be charged a Co-Pay for this evaluation.

Some possible ways to prevent spread of COVID 19 as well as other infectious diseases include:

- 1)Frequent Good Hand washing to include soap and running water
- 2)Maintaining Social Distancing of at least 6 feet and avoiding small areas with individuals
- 3)Wearing of approved facial coverings
- 4)Being Vaccinated against Influenza and COVID 19. These Vaccinations are offered at no charge to the patient. Please request these through Medical and the TRULINCS System.

### Handwashing

Washing your hands is easy and it's one of the most effective ways to prevent the spread of germs. Clean hands can stop germs from spreading from one person to another and throughout an entire community or prison setting.

You can help yourself and others stay healthy by washing your hands often, especially during these key times when germs are likely to get on your hands and can easily spread to others:

Scrub your hands for at least 20 seconds.

- Before, during, and after** preparing food
- Before** eating food
- Before** and after caring for someone who is sick
- Before** and after treating a cut or wound

- After** using the toilet
- After** changing diapers or cleaning up a child who has used the toilet
- After** blowing your nose, coughing, or sneezing
- After** touching an animal, animal feed, or animal waste
- After** touching garbage

### Emergency Dental Care

Emergency dental care is considered to be of the highest priority and is available to all inmates. Dental sick call is Friday at 7:30 a.m. Emergency dental care includes treatment for relief of pain, swelling, traumatic injuries, and acute infection. If an emergency occurs during or after work hours, the inmate is instructed to report this to their work supervisor or unit officer who will then call the Health Services Department.

### Routine Dental Care

Routine dental care is elective and is requested by each inmate through an Inmate Request to Staff or “Cop-Out.” Each request is responded to by dental staff, and the inmate is placed on a chronological waiting list for treatment unless there are specific health reasons to establish other priorities. It is important for each inmate to watch the call-out list and to be present for their scheduled appointment.

### Accessory Dental Care

Accessory dental care includes crown and bridge work, orthodontics, implants, and TMJ surgery. These are not provided to the inmate population.

### Co-Pay Program

All inmates have access to Bureau healthcare services. The Bureau will charge a co-pay fee for inmate requested visits to healthcare providers. Inmates will not be denied access to necessary healthcare because of an inability to pay the co-pay fee. Generally, you must pay a fee of \$2.00 per healthcare visit or healthcare service if you:

1. Receive healthcare services in connection with a healthcare visit that you requested (except for services described in the P.S. 6031.02, Co-Pay Program); or are found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a healthcare visit.
2. You will not be charged a healthcare service fee if you are considered indigent and unable to pay the healthcare service fee. The Warden may establish rules and procedures to prevent abuse of this provision. An inmate without funds (indigent inmate) is an inmate who has not had a trust fund account balance of \$6.00 for the past 30 days. In addition, co-payment fees are waived when appointments or services, including follow-up appointments, are initiated by medical staff.

### Shoes

The institution is required by policy to provide inmates with properly fitting shoes. The style of shoes available is determined by staff. If you have foot problems, they are to be addressed at routine sick-call or in the Chronic Care Clinic with the Physician. However, you must be aware the criteria used to determine the need for “medical shoes” includes whether or not you have a valid anatomic deformity related to a birth defect or orthopedic problem. Each request or need will be discussed with the physician and will be determined on a case by case basis. Health Services does not authorize “special shoes” for the following reasons: 1) Callouses, 2) Blisters, or 3) Personal dislike of the regularly issued shoes (i.e. “I don’t like these shoes, they hurt my feet.”) **(HEALTH SERVICES DOES NOT ALLOW YOU TO HAVE SHOES SENT IN FROM THE OUTSIDE.)**

Concerns/Grievance

Any healthcare concerns may be addressed with the Health Services Administrator (HSA) or his/her designee on Thursdays at noon mainline at the FPC. You are encouraged to attempt to resolve your concerns at the lowest level. If further remedy is needed, you may utilize the more formal process of administrative remedies through your Unit Team.

## PSYCHOLOGY SERVICES

Psychology Services provides professional services in the area of evaluation, counseling, group programs, crisis assistance, drug treatment, and self-help programs. Each new arrival will be interviewed and provided a summary of current psychological programs available for enrollment.

Most programs in Psychology Services are voluntary enrollment and voluntary withdrawal after enrollment with no penalty or disciplinary action for withdrawal. Inmates are encouraged to suggest programs. Programs are usually conducted on a group basis and open to eligible inmates.

### Drug Education

The Drug Education Program is designed to educate inmates on the various aspects of addiction and abuse. Specifically, the Drug Education Program is provided to help inmates evaluate the consequences that alcohol and other drug abuse has had on themselves, their families, and their community. It also provides valid information concerning the physical, emotional, and social side effects of drug abuse. Information is provided regarding the availability of additional drug treatment and self-help services which are offered in the Bureau of Prisons and in the community. Drug Education teaches a decision-making process based on the analysis of costs and benefits of criminal/drug abuse lifestyles versus prosocial lifestyles. The Drug Education Program is designed to provide information in a format that will enhance motivation toward entering a residential drug treatment program.

Currently, every Bureau of Prisons institution offers this 12-15 hour drug education course. It is available to any inmate who wishes to volunteer or is required to take it. You may be required to attend this program if:

1. There is evidence that alcohol or other drug use contributed to the commission of the offense.
2. Alcohol or other drug use was a reason for violation either of supervised release (including parole) or Bureau community status.
3. There was a recommendation (or evaluation) for drug programming during incarceration by the sentencing judge.

4. There is evidence of a history of alcohol or other drug use.

If an inmate is required but refuses to participate in the program, they are:

1. Not eligible for performance pay, bonus pay, or vacation pay.
2. Not eligible for a Federal Prison Industries work program assignment. To participate, please submit a cop-out to Psychology Services.

### Non-Residential Program

Non-Residential Drug Abuse Treatment is an up to 24-hour program which consists of group counseling and self-help programming provided through the institution's Psychology Services Department. This treatment is available to inmates with substance abuse problems.

Non-residential Drug Abuse Treatment has been developed to provide the flexibility necessary to meet each individual's treatment needs, and more specifically for:

- Inmates with a relatively minor or low-level drug abuse problem,
- Inmates with a drug use disorder who do not have sufficient time to complete the intensive Residential Drug Abuse Treatment Program (RDAP),
- Inmates with longer sentences who are in need of treatment and are awaiting placement in the RDAP,
- Inmates with a drug use history who chose not to participate in the RDAP but want to prepare for staying sober in the community, and
- Inmates who completed the unit-based portion of the RDAP and are required to continue treatment until their transfer to a Residential Reentry Center (halfway house).

Program completion awards are only available for those who complete the program. Inmates who complete non-residential (NR) drug abuse programming may also be paid up to \$30 for completion of the 24-session program. If you are interested, ask the institution's drug abuse treatment staff for more information on these awards. To participate, please submit a cop-out to Psychology Services.

### Availability

Psychologists are always available to assist inmates with personal problems, emergency situations, crisis intervention, general mental health questions, interest in self-help, and desire for professional treatment. A psychologist is available by submitting an "Inmate Request to Staff Member" (cop-out) or in an emergency by alerting any staff member. Conversations of a counseling or treatment nature are confidential except in the following three (3) situations:

1. A clear risk of serious injury, disease, or death to you or another person.
2. A clear risk to the security of the institution.
3. A current or future felonious offense.

The Drug Abuse Program Coordinator and Drug Treatment Specialists are available to assist with RDAP (Residential Drug Abuse Program) referrals as well as enrollment in other available drug programming.

### Prisoner Rape Elimination Act (PREA)

#### **You Have the Right to be Safe from Sexually Abusive Behavior.**

The Federal Bureau of Prisons has a zero-tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, no one has the right to pressure you to engage in sexual acts.

You do not have to tolerate sexually abusive/ harassing behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

#### **What Can You Do To Prevent Sexually Abusive Behavior?**

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well-lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities yourself.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

### **What Can You Do if You Are Afraid or Feel Threatened?**

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area. If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

### **What Can You Do if You Are Sexually Assaulted?**

If you become a victim of a sexually abusive behavior, you should report it immediately to staff who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault, **it is important to see medical staff BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom.** Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported.

**Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

### **How Do You Report an Incident of Sexually Abusive Behavior?**

It is important that you tell a staff member if you have been sexually assaulted or have been a victim of sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentially report sexually abusive behavior if you are not comfortable talking with staff.

■ **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of

Prisons. To ensure confidentiality, use special mail procedures.

■ **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.

■ **Write the Office of the Inspector General (OIG)** which investigates certain allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General  
U.S. Department of Justice  
Investigations Division  
950 Pennsylvania Avenue, N.W.  
Room 4706  
Washington, D.C. 20530**

■ **E-mail OIG.** You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday – Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

Note: These e-mails:

- are untraceable at the local institution
- are forwarded directly to OIG
- will not be saved in your e-mail ‘Sent’ list
- do not allow for a reply from OIG
- if you want to remain anonymous to the BOP, you must request it in the e-mail to OIG

■ **Third-party Reporting.** Anyone can report such abuse on your behalf by accessing the BOP’s Public website, specifically:

[http://www.bop.gov/inmate\\_programs/sa\\_prevention\\_reporting.jsp](http://www.bop.gov/inmate_programs/sa_prevention_reporting.jsp).

### **Understanding the Investigative Process**

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the

criminal proceedings.

### **Counseling Programs for Victims of Sexually Abusive Behavior**

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

FCI Pekin has established a relationship with the Center for Prevention and Abuse in Pekin, Illinois, a local victim advocacy group for inmate support services. Psychology services can provide you with the contact information. Additionally, you may seek services through Psychology Services.

### **Management Program for Inmate Assailants**

Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

### **Policy Definitions**

**Prohibited Acts:** Inmates who engage in inappropriate sexual behavior can be charged with the following Prohibited Acts under the Inmate Disciplinary Policy:

**Code 114/ (A): Sexual Assault By Force**

**What is sexually abusive behavior?** According to federal law (Prison Rape Elimination Act

of 2003) sexually abusive behavior is defined as:

**Rape:** the carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person **FORCIBLY** or against that person's will;

The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person not forcibly or against the person's will, where the victim is **incapable of giving consent** because of his/her youth or his/her temporary or permanent mental or physical incapacity; or

**Sexual Misconduct** (staff only): the use of indecent sexual language, gestures, or sexually oriented visual surveillance for the purpose of sexual gratification.

An incident is considered **Inmate-on-Inmate Abuse/Assault** when any sexually abusive behavior occurs between two or more inmates. An incident is considered **Staff-on-Inmate Abuse/Assault** when any sexually abusive behavior is initiated by a staff member toward one or more inmates. It is also considered Staff-on-Inmate Abuse/Assault if a staff member willingly engages in sexual acts or contacts that are initiated by an inmate.

**NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal. Inmates who have been sexual assaulted by another inmate or staff member will not be prosecuted or disciplined for reporting the assault. However, inmates will be penalized for knowingly filing any false report.**

**CORRECTIONAL SYSTEMS DEPARTMENT (CSD)**

The Correctional Systems Department consists of the Mail Room, Receiving and Discharge (R&D), and the Records Office. All outgoing mail must be deposited in the main mailbox by the Administration Building. With the exception of federal holidays, mail will be processed Monday through Friday. Unless you are in the County Jail or hospital, the mailing address must be typed on a TruLines label. You must place your **committed** name, register number, and the institution's return address on all outgoing mail as follows:

Committed Name/Register Number  
Federal Prison Camp  
P.O. Box 5000

Pekin, Illinois 61555-5000

If this information is **NOT** on your letters, they will be returned to you. Incoming mail will be treated in the same manner; **the inmate's committed name and number must be on the envelope**. Mail is delivered Monday through Friday after the 4:00 p.m. count by the Unit Officer in the common area of each housing unit. There is no delivery on weekends and Federal holidays.

Open house is on Wednesday and Thursday from 11:00 a.m. to 12:00 p.m. to address any questions or concerns you have for the Mail Room, R&D, and the Records Office areas. Mailing out hobby craft items are as follows: Kansas on Wednesdays and Nebraska on Thursdays.

For all outgoing Legal or Special Mail, you will need to meet the CSD staff in the Administration Building at 7:15 a.m. Monday through Friday. For inmates temporarily housed at the county jail, you will follow the rules of that county jail for sending out all mail including legal/special/certified mail. Inmates in the local hospital will send all outgoing mail, including legal/special/certified mail, via the duty officer or unit team when they conduct their weekly rounds. In addition to the previous stated outgoing mail requirement, each letter is to be sealed, "Legal Mail" written on the front of the envelope and be addressed to an authorized legal address. You must show your Identification Card when dropping off this mail.

Incoming Legal or Special Mail will be handled by the mailroom staff. Each inmate will be called within 24 hours of the mail being received from the post office, which is in accordance with Bureau Policy. The inmate will be called to the FPC Administration Building between 3:30 p.m. and 4:00 p.m. to pick up their legal mail. The inmate must have their inmate identification card on them to receive this mail. If you miss this time frame, you will be placed on call-out for the next morning during our legal mail open house. If you miss the call-out for any other reason except an institution emergency, you will receive an incident report. The inmates will sign for receiving this mail, and it will be opened and searched for contraband prior to being handed to the inmate. All unauthorized items will be rejected and dealt with in accordance to policy. Incoming Legal/Special Mail **must** be clearly marked with "**Special Mail – Open Only In The Presence of Inmate,**" and the sender's name must be properly identified with their title in the return address section for this mail to be handled in that manner. All mail is treated in accordance with the United States Postal Service Regulations. The Federal Bureau of Prisons (BOP) Program Statement on Correspondence and the Mail Management Manual are on file in the Law Library.

For inmates at the County Jail or outside hospital, the mail room staff will deliver any legal/special/certified mail directly to your location. The inmate's identification card will be used to ensure the right inmate is receiving the mail. The legal mail will be opened and searched for contraband prior to being handed to the inmate. All unauthorized items will be rejected and dealt with accordance to policy.

You are not allowed to correspond with inmates confined at other federal or state correctional institutions without prior written approval. The Chief Executive Officer is the approving official for federal to state correspondence. This approval must be on file in the mailroom prior

to corresponding. The Unit Managers at both facilities are the approving official for federal to federal authorization. This approval must be loaded into the system by the counselor prior to corresponding.

All money orders, cash, and checks for inmates designated at Pekin must be sent to the National Lockbox location. You should include your committed name and register number. The address is **P.O. Box 474701, Des Moines, IA 50947-0001**. No other mail items besides money should be sent to the lockbox. If received at the facility, the item will be rejected and returned to sender with notification as to proper handling of these items.

Hard cover publications and newspapers must come directly from the publisher, bookstore, or a book club. Soft cover books and magazines are authorized to come in by any source, but a limit of five per mailing, and all packages must be marked "Books" or "Authorized Reading Material," or it can be refused at the post office if they are not easily identified that they are coming from an authorized source. An Authorization to Receive Package form can also be used to have items of this nature sent in. This form must be signed by the Unit Manager, and a copy must be on file in the mailroom.

All incoming mail with the exception of legal/special/certified mail will be delivered to the inmate but is subject to the rules of the county jail. If items are not authorized by those locations then the mail will be held at the facility until your return or transfer. Items that you are able to receive will be delivered to you on a weekly basis by your unit team or duty officer.

Postage stamps are to be purchased through the Commissary and cannot be received through the mail.

Most commonly rejected items are: stamps, musical greeting cards, Polaroid photos, homemade cards that are not able to be searched without destroying, and stickers.

### [Receiving and Discharge](#)

If you transferred from another federal institution, the R&D Officer will place you on a call-out to issue your property. If you have any questions about your property being here, you may submit a "Request to Staff Member" (Cop-Out) addressed to the Receiving and Discharge Officer or come to open house. If R&D does not have your property, your counselor can assist you in contacting the previous facility to check on the status of your property. Your property will be made in compliance with the Institutional Supplement titled "Personal Property, Inmate," which can be accessed through TRULINCS.

When you transfer to another institution, you will be made in compliance with National Program Statement 5580.08, [Inmate Personal Property](#), which can be accessed through TRULINCS. If you are placed in a county jail, your property will be inventoried and stored in FPC R&D until your release or transfer. If you are placed in Special Housing, your property will be inventoried and stored in Special Housing until your release or transfer. If an inmate goes out on a writ, the property will be inventoried and stored until your return or other arrangements are made.

During R&D open house at the FPC, you will be able to mail out personal property and hobby craft items. A completed Authorization to Mail-Out form needs to be signed by a Unit Team member. When completing this form, **ensure you are putting the number on each item you are sending out**, i.e. five books, one inch of various papers, etc., and attach a mailing label.

Release clothing can be sent in no earlier than 30 days prior to your release date. You must have an Authorization to Receive form on file in the mailroom in order for the box to come into the facility.

### Records

The Designation and Sentence Computation Center (DSCC) in Grand Prairie, Texas and the Records Office at the institution computes your federal sentence, establishes release dates, tracks extra good time, statutory good time, lump sum extra good time awards, and detainers. You will be given a copy of your sentence computation as soon as it is prepared and certified by DSCC.

Any questions concerning good time, jail credit, parole eligibility, length of sentence, full-term dates, release dates, 180-day dates, and periods of supervision should be addressed to the Supervisory Correctional Systems Specialist in the Records Office via a Request to a Staff Member (Cop-Out) form.

### Detainers

Another law enforcement agency may place a detainer on an inmate while they are incarcerated. For all untried charges, you may be able to start a 180-day Interstate Agreement on Detainers (IAD). If this applies to you, a Correctional Systems Officer in Records will complete the forms and discuss this procedure with you. The IAD is not applicable to any type of violation or ICE detainers.

### Statutory Good Time

Under the old sentencing guidelines, a person who is sentenced to six months or more receives a specific number of days off their sentence every month (Statutory Good Time). The length of the sentence determines the amount of days an inmate is entitled to each month. Shortly after arriving at the facility, a Notification of Good Time earning rate will be received on a form entitled "Computation Summary" from the Correctional Systems Department. A disciplinary report may result in loss of Statutory Good Time or the disallowance of Good Conduct Time.

### Extra Good Time

In addition to Statutory Good Time, inmates sentenced under the old guidelines will receive three Extra Good Time days per month for the first year, prorated according to the dates of commitment and release. Every year following, five days of Extra Good Time will be accrued each month.

### Good Conduct Time (Comprehensive Crime Control Act)

For those inmates committed under the provisions of the Comprehensive Crime Control Act (CCCA) (i.e., the date of the federal offense was on or after November 1, 1987), the following applies:

A prisoner who is serving a term of imprisonment of more than one year is eligible to receive up to 54 days Good Conduct Time after each year of their sentence is served. Credit for the last year or portion of the last year will be prorated and credited within the last six weeks of the sentence. Good Conduct Time may be disallowed for misconduct.

### [Commutation of Sentence](#)

The Bureau of Prisons also advises inmates on commutation of sentences. This is a form of executive clemency power used to provide post-conviction relief to inmates during their incarceration. This clemency power is authorized by the Constitution to the Chief Executive Officer, who is the President of the United States for Federal Offenses.

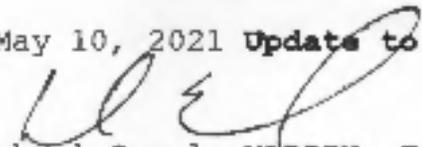

Commutation of a sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for Commutation of a Sentence must do so on a designated form. The rules governing these petitions are available in the Law Library.

A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotics Laws, Gun Control Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

### [Notary Public](#)

Specific staff has been designated to notarize documents. Should an inmate need a document notarized, they can inquire as to which staff members are designated as a certified notary public.

Inmates must contact their Unit Team to arrange an unmonitored legal call (collect call) if there is an imminent court deadline.

Telephone credits will only be credited back to an inmate account if you meet one of the following criteria:

### General Education Development (GED)

Individuals are given an excellent opportunity to acquire their General Education Development Certificate through our GED program. This institution is an official GED testing center.

In today's job market, the educational standards for almost all entry level jobs are continually on the rise. At Pekin, we believe it is our responsibility to keep pace with the educational demands placed on the individual when seeking employment. GED is mandatory for all individuals who do not possess a high school diploma or its equivalent.

Following Admissions and Orientation testing, you will be placed in an appropriate GED class. The classes are self-paced and will meet the needs of those enrolled in the program. ### **EDUCATION & RECREATION JOBS**

If you are interested in working in Education/Recreation as a Clerk, Tutor, or Recreational Aide, please submit an inmate request to staff to the designated detail supervisor you wish to work for. Inmate workers will be selected based on work and education experience, attitude, level of motivation, as well as an interview with detail supervisors. If selected, inmates will undergo training specific to their job and sign an Initial Job Orientation form. Inmates employed by Education or Recreation will fall under the supervision of their assigned detail foreman as well as all other Education/Recreation staff members.

### **CORRECTIONAL SERVICES**

#### Inmate Identification Cards

Inmates will have their identification cards on their outer most garment at all times (excluding

inside the housing unit and at recreation), and the photograph must be current. Individuals who present a significant change in their appearance will be responsible for the fees associated with obtaining a new Commissary card.

### Call-Outs

“Call-Outs” are posted on TruLincs prior to the 4:00 p.m. count, Monday through Friday. Failure to report to a Call-Out will result in an incident report being issued. As a reminder, it is your responsibility to stay abreast of information contained on Call-Outs and Change Sheets.

### Institutional Emergencies

During emergencies, all inmates will immediately cease movement, lie on the ground, and wait for staff direction. Any inmate not complying with the emergency announcement system or staff directions will receive disciplinary action.

### Restricted Areas

Restricted areas are those areas which you will not have access to when not on an assigned work detail. Restricted areas will include such areas as Commissary (during non-operational hours), Food Service, Facilities, housing units that you are not assigned, and all administrative offices. Inmates are not allowed to visit other inmates in another housing unit. No loitering is permitted in front of the housing unit. For further information, refer to the Institution Supplement entitled “Inmate Accountability.”

### Visitation

It is the policy of the Bureau of Prisons (BOP) to encourage visiting by family and friends to

maintain morale and to develop closer relationships between family and others in the community. Some of the basic questions concerning visiting will be answered in this handbook. However, consulting with your Correctional Counselor or other Unit Team members and becoming fully aware of the visiting regulations is recommended.

Visiting is regulated by a point system. Two (2) points represent one (1) hour of visiting time on weekends and federal holidays. Unused points will not be accrued or added to the next month's points. Official attorney legal visits are free and will not be charged against the points per month limit.

Special visits will be approved by the Associate Warden of Programs and the definition of what constitutes a special visit is outlined in the Program Statement for Inmate Visiting. Special visits may also be limited by the availability of staff to supervise the visit. This section does not imply that special visits may occur during non-visiting hours. The Associate Warden of Programs may approve an extra visit due to special or unique circumstances and the Unit Team will supervise the special visit if additional supervision is required. If extra visiting points are approved by the Associate Warden of Programs, he/she will direct the Unit Team to enter the additional points into the visiting program. Ministers of Record and Clergy must submit a written request to the Chaplain. Upon approval, Unit Staff will add the name and title to the inmate's visitor list.

#### [Visiting Times](#)

Saturday, Sunday, and federal holidays      8:30 a.m. – 3:00 p.m.

The number of persons allowed while visiting one inmate is limited to seven (7) visitors, excluding infants and children under the age of three (3).

Inmates are not allowed to enter the vending machine area. Additionally, inmates are not

authorized to use the microwave. Under no circumstances are inmates allowed to receive personal items from their visitor.

### Visiting Regulations

Visitors will not be processed 30 minutes prior to the end of visiting. On weekends and holidays, due to count, visitors will not be processed between 9:00 a.m. and 10:30 a.m.

All children under sixteen (16) years of age will be accompanied by an approved adult visitor. Visitors who are 16 or 17 years of age and not accompanied by a parent, legal guardian, or immediate family member at least 18 years of age, must have written approval of a parent or legal guardian. All visitors will be expected to maintain control of their children at all times. If the Visiting Room becomes too crowded, visits for persons from the local area may be terminated according to the time of arrival, with the first to arrive being the first to be terminated.

Anyone visiting the institution must be on an inmate's approved visiting list.

For identification purposes, visitors will be required to present a picture identification card (i.e. valid driver's license, passport, etc.).

Appropriate dress shall be worn by visitors. The Visiting Room is a public facility, and certain restrictions must be placed on visitors' clothing. Unacceptable clothing includes, but is not limited to: excessively tight fitting clothing, see-through garments, halters, tube tops, strapless dresses, sleeveless shirt and sleeveless dresses, swim suits, shorts, etc. Failure to comply with this dress code will be sufficient grounds to deny entry of a visitor.

Visitors are not allowed to bring food, gifts, games, needlework, pocket books, baby strollers, or packages into the Visiting Room. Personal items are not allowed to be given to the inmate, and any item that cannot be thoroughly searched will not be allowed into the institution. Business transactions and written messages will not be exchanged during a visit. Items purchased in the Visiting Room vending machines will be consumed inside the Visiting Room.

Note: Baby diapers, food, bottles, etc. will be allowed, but only the amount that will be consumed or used during the entire visit. A baby carrier will be allowed if it can be thoroughly searched.

### Physical Contact

An appropriate kiss and embrace are permitted at the beginning and end of the visiting period. Filing fingernails, braiding of hair, etc. are not considered appropriate activities in the Visiting Room and are not permitted. Inmates are to sit on the opposite side of the table from their visitors.

### Nursing Infants in the Visiting Room

If it becomes necessary for an inmate to nurse their infant during a visit, the inmate shall proceed

to the designated nursing area in the back of the visiting room. The designated nursing area provides a more private setting as it is behind a partition and out of eyesight of the other inmates and visitors. Other visitors or inmates are not allowed to accompany the inmate into the nursing area unless they are the children of the inmate who accompanied the visitor into the visiting room.

### Movement in the Visiting Room

Once seated, movement by inmates and their visitors should be limited to that which is necessary (going to and from restrooms and/or vending machine area). Inmates are to remain seated unless getting a picture taken or using the inmate restrooms. Inmates are not allowed in the children's play room or the vending machine area. Unnecessary lingering, walking the aisles, etc. is distracting to other visitors and interferes with staff supervision of the Visiting Room.

### Supervision of Children

It is the responsibility of the adult visitor and inmate to supervise their children visitors at all times. Children visitors should be supervised to ensure they do not disrupt other inmate(s) and their visitor(s).

### Coin Purses (clear) and Wallets are Allowed

Visitors are allowed to bring no more than \$20.00 into the Visiting Room. The currency denominations cannot exceed \$5.00. Visiting room officers do not provide change. A debit/credit card may be used for the vending machines.

### Restrooms

Staff will escort all inmates to use the restroom.

### Visitation

Visitation is limited to inmate's authorized visitors only.

Inmates will wear institutional issued clothing and work boots while on a visit. Inmates **cannot** wear tennis shoes into the Visiting Room. Only authorized personal property will be allowed into the Visiting Room after being properly inventoried and recorded on the Visiting Room Inmate Property Log. These items include: one comb, one handkerchief, one wedding band, one religious medallion, one pair of prescription glasses, and religious headwear (if authorized by the Chaplain).

**ANY VIOLATION OF VISITING PRIVILEGES MAY RESULT IN DISCIPLINARY ACTION AND/OR LOSS OF VISITING PRIVILEGES AND POSSIBLE CRIMINAL PROSECUTION OF THE VISITOR.** For further information, refer to the Institution Supplement entitled "Visiting Regulations."

## Video Visits

Video visits are a way to continue, build, and strengthen relationships with family and friends. It is your responsibility to ensure that you conduct yourself appropriately throughout the entire video visit. You are also responsible for the conduct of the other person on your video visit. You are not allowed to have other inmates with you or behind you on your video visit. Other inmates are not allowed to communicate with your visitor on your video visit. You will be held accountable for any inappropriate conduct.

## Contraband

Contraband is anything that is **not**:

1. Issued by an institution staff member.
2. Purchased in Commissary.
3. Purchased through approved channels,
4. Approved for issue by an appropriate staff member.

Authorized items may be considered contraband when found in excessive quantities or altered in any manner. Possession of contraband is subject to disciplinary action.

## Shakedowns

It is the policy of the BOP that you and your property can be searched **at any time** by a staff member. All inmates will be searched prior to entry into the Visiting Room and exiting the Visiting Room. Outside visitors are subject to search prior to entering the institution.

## Drug Surveillance

The Bureau operates a drug surveillance program that includes mandatory random testing as well as testing of certain other categories of inmates.

If a staff member orders an inmate to provide a urine sample for this program and the inmate refuses, that inmate will be subject to an incident report. For further information, refer to the Institution Supplement entitled "Alcohol Surveillance and Testing Program."

## Alcohol Detection

A program for alcohol surveillance is in effect at all institutions. Random samples of the inmate population are tested on a routine basis as well as those suspected of alcohol use. A positive test will result in an incident report. Refusal to submit to the test will also result in an incident report.

## Fire Prevention and Control

Fire prevention and safety are everyone's responsibility. Inmates are required to report fires to the nearest staff member so that property and lives can be protected. Piles of trash or rags in closed areas, combustible material, items hanging from fixtures or electrical receptacles, or other hazards are not acceptable. Regular fire inspections are made in each unit by qualified professionals.

Federal Prison Industries is a government corporation within the Bureau of Prisons whose mission is to provide work simulation programs and training opportunities for inmates confined in Federal Correctional facilities. The commercial trade name for Federal Prison Industries, Inc. is UNICOR. The factories of Federal Prison Industries, Inc. are commonly referred to as UNICOR or as Industries. These terms are used interchangeably in this manner. For these purposes, Federal Prison Industries, Inc. will hereinafter be referred to as UNICOR.

UNICOR was established in 1934 and receives no federal appropriations from Congress. It is fully self-sustaining. FPI operates approximately 90 factories nationwide under seven (7) divisions:

Recruitment, Hiring, and Dismissal Procedures

Program Statement 8120.02 identifies practices for FPI recruitment of inmates. Inmate workers for FPI locations may be recruited through admission and orientation lectures or through direct recruitment.

The Superintendent of Industries/AW I&E may solicit inmates with needed skills for employment in UNICOR. The SOI and other FPI employees may inform perspective workers of the benefits of a career with UNICOR prior to receipt of the workers’ applications for employment.

Inmate workers are ordinarily hired through waiting lists. These lists consist of Prior and Non-Prior inmates. These lists are maintained by FPI employees. Once a “cop-out” is received, the inmate work history will be reviewed to determine whether they have previously worked for FPI. If so, they will be placed at the bottom of the Prior waiting list.

Inmates owing the government money for fines or restitution may be given priority placement in

FPI if a significant financial need of \$1,000.00 or more exists. The unit team will use its discretion when making a recommendation to assure parity exists. If it is determined that priority placement is warranted, the unit team will forward a Request for Priority Placement to the SOI.

## **ADMINISTRATIVE REMEDY PROCESS**

The Federal Bureau of Prisons Program Statement 1330.18, Administrative Remedy Program, requires that all inmates shall informally present their complaint to staff. Staff shall attempt to informally resolve any issue before an inmate files a Request for Administrative Remedy, (BP-9) - BP-229(13).

When an inmate presents an issue to staff, usually the Unit Counselor, the staff member will determine if the inmate has made an attempt to resolve his complaint with the affected department head. The Counselor will give the inmate the Attempt at Informal Resolution form, commonly referred to as a BP-8. The inmate will complete the top portion of the form and return it to the Counselor.

The Counselor will make contact with the affected department head in an attempt to resolve the issue. The Counselor will communicate the response to the inmate. If the inmate is not satisfied with the response and still wishes to pursue an administrative remedy, the Counselor will issue the BP-9 form. The Counselor will complete the remainder of the BP-8 form, noting any reasons why informal resolution could not be achieved, and turn it in with the completed BP-9 form when the inmate returns it with any exhibits or attachments. Staff are only responsible for making copies of the BP-8. The inmate is responsible for the cost of copies of anything else.

The Counselor should advise the inmate to:

1. Sign in the proper place
2. Include all 4 carbon copies of form
3. Attach only one continuation page, with 2 copies (at the institution level)
4. Attach only one copy of all exhibits. (The inmate will not receive these copies back. Encourage them to make a copy of all appeals for their records)

The BP-9 must be filed within (20) calendar days from the date on which the basis for the incident or complaint occurred. This includes the informal resolution process.

### By-Passing Informal Resolution

An inmate is encouraged to attempt informal resolution of all issues; however, they may choose to by-pass informal resolution if they have a valid reason. They must state why they felt they should not attempt informal resolution on the BP-9 form. Informal resolution is not required for UDC or DHO appeals. The inmate must still return the BP-9 to their Counselor for submission to the Associate Warden's Office. If upon review, the Administrative Remedy Coordinator feels that the inmate's reasons for by-passing informal resolution are not valid, the Request for

BP-10            30 days

BP-11            40 days

For further information, refer to the Institution Supplement entitled “Administrative Remedy Program.”

### Federal Tort

### Loss Claim

If the negligence of institution staff results in personal injury or loss of or damage to property of an inmate, it can be a basis for claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form from the Safety Department.

For further information, refer to the Institution Supplement entitled “Claims Under the Federal Tort Claims Act.”

## **INMATE DISCIPLINE**

Inmates must have respect for the rights and property of others. Rules, regulations, and policies are made to maintain a healthy and peaceful climate and to ensure an orderly operation of the facility.

Certain privileges are granted to eligible inmates as long as they are not abused. Violation of regulations may result in an Incident Report and imposition of certain sanctions as outlined later in this handbook.

Incident reports are first investigated by the Lieutenant on duty and the results forwarded to your Unit Team. The team meets as the Unit Disciplinary Committee and may make limited dispositions for most misconduct such as taking of privileges, change in jobs, assigning extra duty, etc.

If charges are more serious, the case will be referred to the Disciplinary Hearing Officer, who can impose more serious penalties such as forfeiture of good time, disciplinary segregation, and/or recommendation of transfer to a more secure institution.

The internal disciplinary system is outlined, in detail, in the Program Statement entitled “Inmate Discipline and Special Housing Units” and is available for reading in the Law Library. The following section informs you of your rights and responsibilities.

Tables 1 and 2 provide a summary of the disciplinary system, while Table 3 provides a listing of prohibited acts by level of severity and shows the range of sanctions which may be imposed for violating institutional rules.
